

Modular Carpet Tiles

Product Information

Urbane™ is a premium quality, modular carpet tile available in an extensive range of contemporary colours and random patterns, including solid colours, single, double and random stripes - giving you the design freedom to use them as an individual entity or combined to compliment each other.

Key Features

- Contemporary colour range, used as solids and stripes to help create inspirational and dynamic environments
- Highly durable, high wearing and stain resistant
- Easy to install
- Easily uplifted to get to wires and fittings
- Longer total carpet lifespan as tiles are easy to rotate for even wear or individual replacements
- 15 yr commercial warranty
- Rated for heavy foot traffic
- Installation with minimum upheaval - custom fit tiles to any area, one office at a time, around furniture and fittings
- Low off-gassing level from the PVC backing of 0.5% for safer indoor air quality and minimal smell in enclosed spaces
- Easy transportation and storage, into multi storey buildings or areas with difficult access
- PVC backing allows the tile to sit flatter (non curling) for seamless edges and dimensional stability
- Modular tile measuring 500x500mm
- Face yarn made from 100% Polypropylene
- Loop piled and tufted fibre
- High level of colour fastness

Manufactured: by Toli Corporation, Japan

Suitability: Education, healthcare, office, retail, hospitality, showrooms, apartments, public buildings

Fire Ratings: ISO 9239: Average Critical Radiant Flux: 2.4W/m²
Average Smoke Obscuration: 648% Min
Tested July 2007, CSIRO

Warranty: 15 year limited warranty term

Installation: All tiles are to be installed on the ¼ turn. Please request installation instructions from Autex.

Key Principles of Toli Eco Spirit

In 2006 the total of recycled product used by Toli Corporation in the manufacture of tiles was equivalent to 322,660 square metres of sheet product. Toli recycles all waste material such as the off cuts from vinyl tile back into products such as Carpet tile backing. This recycling commitment has been in place since Toli started to produce Carpet tiles in 1982.

Environmentally friendly products

- Goal is to continually be developing products that provide long-term durability and improves indoor air quality
- Uses renewable resources
- Uses recycled materials
- Using resources that cannot be depleted
